

Independence Matters

A social enterprise reinvesting in the people that matter

Gender Pay Gap Report 2018

Independence Matters is required by law to publish an annual gender pay gap report.

This report has been prepared in line with the Equality Act 2010 (Gender Pay Gap Information) Regulations 2017 and Equality Act 2010 (Specific Duties and Public Authorities) Regulations 2017.

On the snapshot date of 5 April 2018 Independence Matters had a total of 763 workers of which 713 employees were classified as “full-pay relevant employees” and were used in the reporting of hourly pay gap statistics.

The figures set out above are based on the data supplied by Independence Matters and have been calculated using the standard methodologies set out in the Equality Act 2010 (Gender Pay Gap Information) Regulations 2017.

Background to Independence Matters

Independence Matters employs approximately 800 staff members across a diverse range of support services throughout the county of Norfolk.

We are a not for profit, community interest company who run our businesses for the benefit of people and communities.

We are committed to the principle of equal opportunities and equal treatment for all employees, regardless of sex, race, religion or belief, age, marriage or civil partnership, pregnancy/maternity, sexual orientation, gender reassignment or disability. It has a clear policy of paying employees equally for the same or equivalent work, regardless of their sex (or any other characteristic set out above).

Independence Matters evaluates job roles and pay grades and have pay associated with the role rather than the person employed in that role to ensure a fair structure and is proud that the gender pay gap reflects this.

Some facts about the Independence Matters

65% of all employees are female

84% of all managers are female

80% of the senior leadership team are female

We have a female Managing Director

Our approach to pay and benefits

Employees under 25 years olds are paid our full adult pay rate rather than using the lower tier permitted under the national living wage

Our highest paid colleague is paid 4.81 times that of our lowest paid employee, very much within the maximum ratio of 20 recommended by the Work Foundation

Actions

Independence Matters gender pay gap results reflect the proportion of female to male employees in the company. During the past year we have experienced natural attrition within our Team Manager population; a role which attracts a higher rate of pay, all of whom were female.

Independence Matters continues to work with others in the sector to encourage more interest from male job seekers to be able to match our customer profile. Though Independence Matters recognises that its scope to act is limited in some areas - it has, for example, no direct control over the subjects that individuals choose to study or the career choices that they make, we are committed to continuing to support career events at local secondary schools, to raise young people's awareness of the different career opportunities available within the health and social care sector, and to help dispel any misperceptions and stereotypes.
